HEAD SOLID SORE

Awful Suffering of Baby and Sleepless Nights of Mother.

CURED BY CUTICURA

Skin Fair as a Lily with no Scar to Recall Awful Sore Writes Mother.

"I herewith write out in full the beginning and end of that terrible disease eczema," says Mrs. Wm. Ryer, Eik River, Minn., "which caused my babe untold suffering and myself many sleepless nights. My babe was born seemingly a fair, healthy child, but when she was three weeks old a swelling appeared on the back of her head. and in course of time broke. It did not heal but grew worse, and the sore spread from the size of a dime to that of a dollar. I used all kinds of remedies that I could think of, but nothing seemed to help; in fact, it grew worse. Her hair fell out where the sore was, and I feared it would never grow again. It continued until my aged father came on a visit, and when he saw the baby he told me to get Cuticura Soap and Ointment right away.

"To please him I did so, and to my surprise by their use the sore began to not heal but grew worse, and the sore

"To please him I did so, and to my surprise by their use the sore began to heal over, the hair grew over it, and to-day she has a nice head of hair, her skin is as fair as a lily, and she has no sear left to recall that awful sore, and it is over eight months and no sign of the returning." its returning."

CURE PERMANENT

"Your letter of the 19th inst. received, asking in regard to the cure of my baby some six years ago. Well, the disease has never returned to her head which at that time was a solid sore on top and down the back."

For Their Little Enterprise.

(By Associated Press.)

RICHMOND, VA., Feb. 20 -A complete counterfeiting outfit was found today in a cell at the State penitenlary, owned and operated by con-

With the find were a number of spurious coins, mostly ten and twentyfive cent pieces. The find was made by officers of the penitentiary.

Watter Turpin, a white convict and ne of the most desperate of men, is said to have been connected with the gang, and it is believed that two oth were associated with him one o them a life man.

Are Good Imitations

The coins are perfect as to size, figures, milling and thickness, but feel a little "greasy" and are lacking in weight.

It was discovered on investigation. that the men implicated in the counterfeiting had been using a consider able quantity of canned goods, and that they melted the tin and the lead from the cans and in this way got most of the metal they used. Some of the lead used in the shoe shop was also smuggled into them.
